

50-Mil 10-Pin Patch Adapter

Overview

The 50-Mil 10-Pin Patch Adapter adapts from the standard 20 pin 0.1" connector to the standard 10-pin 0.05" Cortex-M connector.

The 50-Mil 10-Pin Patch Adapter adapts from the standard 20 pin 0.1" connector to the standard 10-pin 0.05" Cortex-M connector that is also used on many non-Cortex-M designs but with non-standard pinout. This adapter allows custom connections/wiring between the 20-pin and 10-pin side.
