PRODUCT/ PROCESS CHANGE NOTICE

Number: 2215-1
Date: 07/21/22
ECO#: Various
ECO Ref.: (Class: 3 Notification)

Effective Date: Starting implementation 8/01/22

Change Category: Change in Existing Product Design/Component Parts

Change Description: TCXO/VCTCXO products in both 5x7mm and 5x3.2mm sizes are changing to a newer compensation IC after EOL of the older devices.

Reason for Change: Component end-of-life status is the reason for making these changes.

Products Affected:

5x7mm TCXO/VCTCXO: T-series, TV-series, T100/200-series, DV75-series, D75-series
5x3.2mm: M-series, M100/200-series

Effect on Product Performance: Performance will be equal to or better than the previous version with no expected decreases in performance.

Effect on Product Physical Appearance: In some cases a crystal size may change, resulting in a height increase of 0.4mm. Please consult factory for the specific configuration of each model.

Change Impact: Product model numbers will remain the same.

CHANGEOVER PROCESS: New manufacturing builds will incorporate these changes, however there may be a small amount of existing inventory of the old configurations.

Test SAMPLES Available: X Yes ☐ No
