End Of Life notification

Dear valued Customer, dear valued Distributor,

We would like to inform you that the standard iFLEX-iRIS™-Laser series and kineFLEX™-Fiber series will be discontinued for non-OEM customers. After many years of intensive support of these standard products, we have decided to streamline our laser and fiber product portfolio and focus on supporting customized high-end laser and fiber assemblies.

The following laser and fiber standard products are affected by this change:

- 1) Free beam iFLEX-iRIS™ lasers - PSM1056_4 iFLEX-iRIS CLM datasheet.pdf
- 2) Fiber coupled iFLEX-iRIS™ lasers – PSM1057_3 iFLEX_iRIS fiber coupled CLM datasheet.pdf
- 3) kineFLEX™-fibers – PSM1001_7_kineFLEX.pdf
- 4) kineFLEX™-HPV-fibers – PSM1031_5_KineFLEX_HP_V_UV.pdf
- 5) Related accessories (fiber connectors, fiber collimators, kineMATIX-manipulators, laserPlate)

Manufacturing and supply of the standard iFLEX-iRIS™-Laser series and kineFLEX™-Fiber series will be discontinued from 1st July 2024.

Already placed orders and orders based on a recently issued still valid quotation will be supported.

Last time buy (LTB) orders need to be requested until latest 2 (two) month after issue date of this notification. Minimum Order Quantity (MOQ) will be applicable. Please request LTB quantities asap if required.

Distributors are asked to immediately remove all offers and marketing material related to our standard iFLEX-iRIS™-Laser series and kineFLEX™-Fiber series products.

Excelitas apologizes for any inconvenience this change may cause to you and will certainly support you in the best possible way to find an alternative solution in the broad portfolio of Excelitas Laser Technology products. For more information, please contact your Excelitas sales person.

Data of issue	April 16 th , 2024
Title of change	End Of Life of standard iFLEX-iRIS™-Laser series and kineFLEX™-Fiber series
Start of change	1 st July 2024
Product group	iFLEX-iRIS™ laser series kineFLEX™ fiber series
Affected products	See reference to data sheets
Reason of change	End of life for off-the-shelf availability
Last time buy opportunity	LTB order to be placed, request required
Larger quantities	MOQ to be discussed on request
Already placed orders	Will be supported
Service period and RMAs	Repairs under warranty will be supported during warranty period of one (1) year. Non warranty repairs will be only supported on a case by case decision.

Sincerely,

Volker Melzer
